TO: [redacted]

SUBJECT: [redacted] Briefing

REMARKS:

1. This is to advise you that the [redacted] briefing which had been tentatively scheduled for 14 February has been postponed until certain matters have been resolved. The problem is that the Army proposes to give a "sanitized" briefing on this subject which they say was requested by the DCI, but they insist on a [redacted] clearance for all recipients of the briefing. This is not what Adm. Raborn expected because the purpose of his requesting a sanitized briefing was to permit a large number of Agency people concerned with requirements and the substantive part of the problem to compare US techniques with Soviet techniques in this area.

2. I told the Army representative that we would examine the situation and advise him if we desire a briefing at a later date.

SUBJECT: Vietnam Lecture

REMARKS:

1. Perhaps you might announce at the Friday morning meeting that the lecture on Vietnam, scheduled for 11 February in the auditorium, seems to be fully subscribed. Therefore, it might be advisable to suggest that all the DD/S&T members who plan to attend get there early enough to be sure of a seat. There won't be any strict accounting of numbers at the door so this could lead to complications in seating arrangements.

2. I understand that the Director and Gen. John Davis will be there to introduce the ACSI speaker. The program will only last about 20 minutes. The first three rows of seats have been set aside for senior Agency officials.
